

Weather

Swakopmund's weather can change many times throughout the day, so it is best to dress in layers. A "normal" Swakopmund day is foggy in the morning, then warm and sunny in the middle of the day and windy and cool in the afternoon. Moderate temperatures year round. Low: 10 degrees C (or 52 degrees F). High: 23 degrees C (or 76 degrees F). Rain is a rarity, 15mm of rain in an average year.
